

### **SUBMISSION FROM HEIDI SANDS**

1. I thoroughly agree with James Christie's written evidence received on 30 August 2010.
2. I too have aspergers syndrome, am a freelance writer - with four books published in 2010 - yet I struggle to process information, socialise in a normal manner and suffer from extremes of anxiety. My youngest daughter shows similar traits.
3. Please, for all our sakes see this Bill through to a positive outcome.
