

WRITTEN SUBMISSION FROM SALLY HARROWER

Dear Convener of the TICC Committee

Dear MSPs,

I would be grateful if you and your Committee would consider my views in relation to the Climate Change (Scotland) Bill.

The world, vested interests and the innocently ignorant apart, is realising that we must act and act soon to save our planet from the catastrophic effects of global warming. Scotland has an opportunity to be a world leader in tackling climate change and we should be proud to do so. It might also appeal to the Scots' natural inclination towards thrift - something that is resurfacing in these difficult financial times. Please take this opportunity to make a real difference to the future of life itself.

Thank you.

Yours sincerely,
Ms Sally Harrower
